

K.I.D.S. WORSHIP IS BACK (K-KNOW, I-IMPACT, D-DISCIPLE, S-SHARE)

TOM SMITH
Worship Pastor

Everyone worships differently. A small child probably will not worship the same way that a senior adult will, and that is ok. Northside has always made it a point to reach people of all ages and has put tremendous focus on reaching children and youth.

Children in kindergarten through fifth grade are now able to worship with their families during the music portion of the worship service. (It is extremely important for them to stand with their parents and witness them worshipping.) At a time listed in your worship guide, children are released to building B where they will walk into a room completely designed for them.

The room is transformed into a New York City news room with video, music, interactive teaching times, and games for them to begin learning *What's In The Bible*. This material is created to walk our children through the entire Bible in just 18 months. It is more important than ever that our

children leave our church with a firm foundation of what they believe, and why they believe it. The chances are very slim they will get any of this information anywhere besides their home and church. Gallop did a study and concluded that 88% of people are saved before the age of 18, and after that the chances of them being saved drops dramatically. Now is the time to be reaching them. This is why our church invests so much time and resources into these children. We are called to teach the next generation the ways of the faith.

How can you help????

- 1) Pray that the Lord will continue to bless this ministry and reach children.
- 2) Once every few months you could attend the 8:15 worship service and volunteer in the 10:45.
- 3) Encourage those around you to do the same.
- 4) Continue to pray for the person the Lord will send our way to head our children's ministry and the committee that will be tasked with searching for them.

Have questions??? See me or one of our staff members and we'll be glad to point you in the right direction.

Times have changed and our children have changed with it. I'm so thankful that I am at a church that is willing to meet children where their needs are and teach them the stories and most importantly the love, of Christ.
